1. PROTECTION

(P100- Particulate Filter (99.97% filter efficiency level)  
effective against all particulate aerosols)

(N99- Particulate Filter (99% filter efficiency level)  
effective against particulate aerosols free of oil; time use  
restrictions may apply)

(P95- Particulate Filter (95% filter efficiency level)  
effective against particulate aerosols)

(N95- Particulate Filter (95% filter efficiency level)  
effective against particulate aerosols free of oil; time use  
restrictions may apply)

(R95- Particulate Filter (95% filter efficiency level)  
effective against all particulate aerosols; time use  
restrictions may apply)

2. CAUTIONS AND LIMITATIONS

A- Not for use in atmospheres containing less than 19.5 percent oxygen.  
B- Not for use in atmospheres containing decomposing or explosive vapors.

C- Do not use at maximum use concentrations established by regulatory standards.

D- Do not wear protection against organic vapors with poor warning properties or those which generate high heats of reaction with sorbent.

E- Failure to properly use and maintain this product could result in injury or death.

F- The Occupational Safety and Health Administration regulations require gas/potable goggles to be worn with this respirator when used against formaldehyde.

G- All follow the manufacturer's User's Instructions for changing cartridges and/or filters.

H- Never substitute, modify, or repair parts. Use only exact replacement parts in the configuration as specified by the manufacturer.

I- Refer to User's Instructions, and/or maintenance manual for information on use and maintenance of these respirators.

J- NOSH does not evaluate respirators for use as surgical masks.

K- Special or critical user's instructions and/or specific usage limitations apply. Refer to User's Instructions before donning.
